DISCRIMINATING people have long realized that lighting decorations, more than anything else, will give distinction to their homes. For illumination is a vital part of any plan of interior decoration. This is true regardless of the size or cost of the home. The most effective interior is possible only when wall coverings, furnishings and lighting decorations are in harmony.

In reproducing the charm of Hepplewhite, the designers of Kayline Fixtures have not overlooked the decorative possibilities of the Plumes of the Prince of Wales. In Kayline Fixtures of the Hepplewhite period, you will find this characteristic feature correctly interpreted.
